Ms. Jen Strom, Principal

Ms. Lisa Rydberg, Curriculum Coordinator

Dear Parents of _____,

The Crosby-Ironton Schools would like to team with you to review our learning tools for our students. We strive to ensure that every American Indian student in the district has equitable access to meet the educational need.

We extend an invite to have a conversation about what strengths and opportunities are out there for an improved learning environment. I am including a list of resources we are exploring and would love to learn more from you regarding the educational influence you feel these resources may have all student learning and any other concerns or questions you may have.

Please contact me at lrydberg@ci.k12.mn.us and I will connect with you- to *listen, learn and answer* your questions or concerns you may have.

Thank you for supporting your child's education and our community!

Sincerely,

Lisa Rydberg
Curriculum Coordinator
